

MADE BY STUDENTS FOR STUDENTS

Aery is a new way to carpool where drivers and passengers are paired with similar routes to reduce their environmental impact while providing a more social and accessible experience.

A New Way To Ride!

How it Works

- ▲ Log onto our Aery site
- ▲ Input whether you are a rider or a driver
- ▲ Look up already available rides and apply filters to find the most convenient ride for you
- ▲ If you need help finding a ride, Aery's algorithm can pair up rides
- ▲ Use our friendly chat feature to get in contact with your driver and other fellow riders
